

Assessment Checklist for Climbing – Single Pitch

Item Code AC120905 Nov/13 Edition no 4

0845 300 1818

Introduction

This is an assessment checklist to use in assessing an applicant to gain a permit to lead single pitch climbing. More details on the permit scheme, assessing, technical skills and climbing can be found in resources listed in [FS120084 Scout Led Activities Index](#).

Using this checklist

This checklist is the syllabus that an applicant should be assessed against for the technical section of gaining a permit. The columns on the right of each skill show whether it is applicable for each type of permit:

- P – Personal permits
- L – Leadership permits
- S – Supervisory permits

Once an assessment is complete the assessor should fill in the back page and give it to the applicant to take to their Commissioner.

Equivalent qualifications

If an applicant holds an award of the Mountain Training Boards from the table below, or equivalent or higher, and has up to date logged experience, then no practical assessment is likely to be required as they have already shown competence in all of the skills listed in this assessment checklist. They will still require a recommendation from an assessor for a Commissioner to grant them a permit.

Qualification	Permit
Single Pitch Award (SPA)	Top Rope Climbing - Leadership
