ABOUT US

OVERVIEW

African Adventures is the UK's most effective volunteer travel organisation and we specialise in educational trips.

We work with 23 community projects in developing areas of Ghana, Kenya and Zanzibar, providing them with volunteers and resources to help them grow through our pioneering Community Development Pledge and registered charity, the African Adventures Foundation.

We also provide the same service as a mainstream tour operator and pride ourselves on our personal, meticulous approach to our trips. From safety and fundraising, to pre-departure support and advice, our expert team are here for you.

This could be the most amazing experience of your life so far!

VOLUNTEER ROLES

There are three roles for volunteers to choose from on the trip:

Community Work & Teaching

Volunteers working in a Community Work & Teaching role assist teachers in primary school classrooms, helping to read stories, cook meals and spend time playing games with children, typically aged 4-12.

Multi-Sports Coaching

Children at the projects love sport! Whether you want to coach football, cricket, dancing or rounders, you'll find plenty of willing participants!

Community Building & Renovation

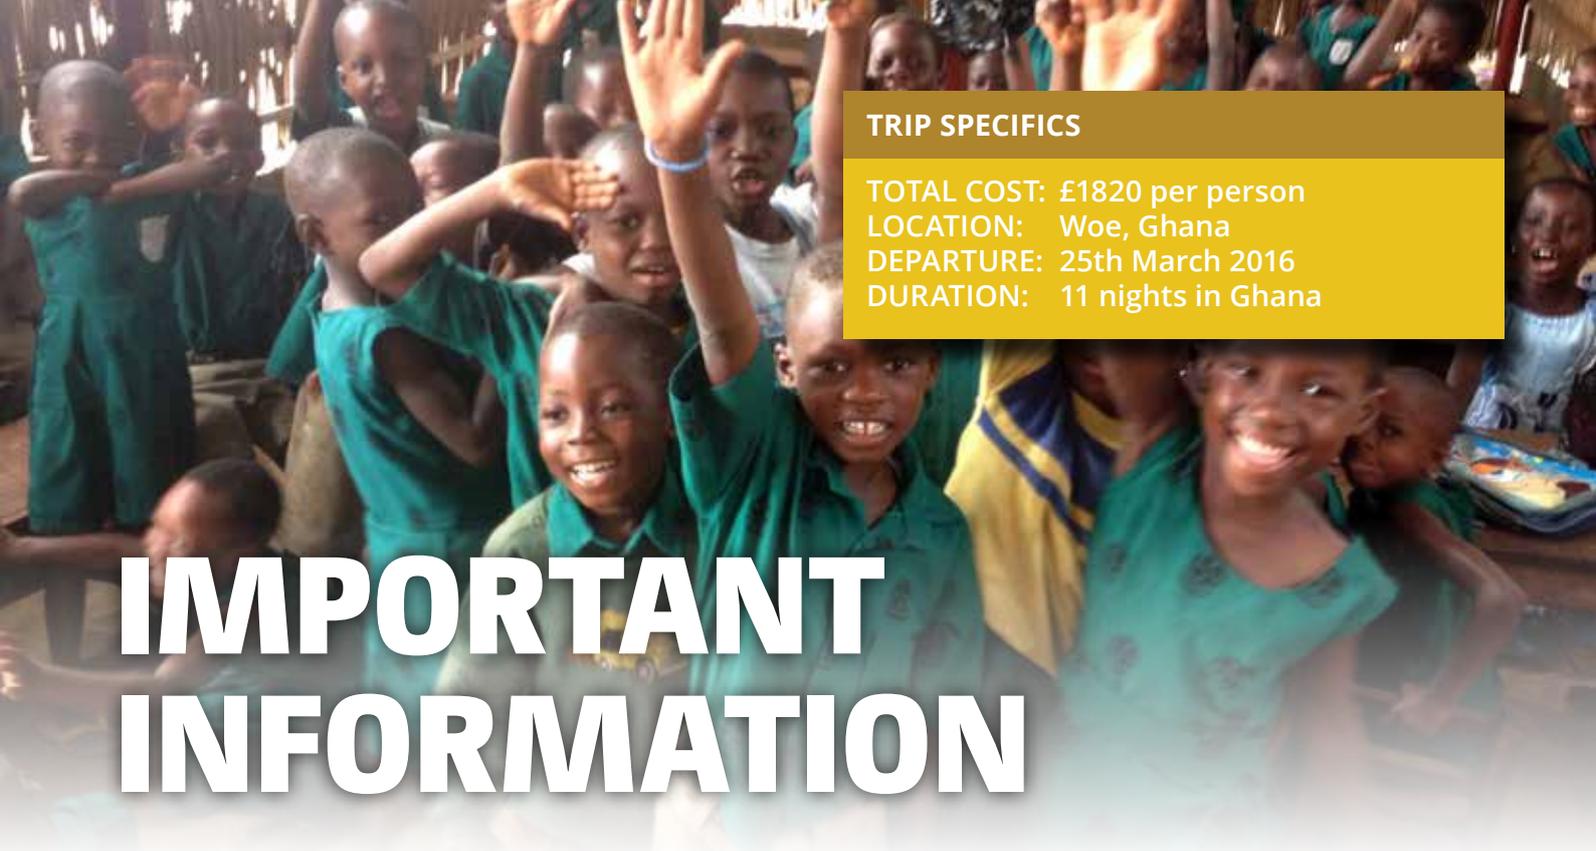

Those who want to get their hands dirty can help our building programme, which focuses on improving school facilities in the areas we work.
